

**Missouri Department of Transportation
Civil Engineering Internship Program
Application Supplement**

Name: _____ Date: _____

The information requested on this supplement is needed to complete your application for the summer intern program – please complete both front and backsides. **Please enclose a reproduced copy of your college transcript(s) with your application.**

Intern Eligibility:

A construction, highway design, materials, research, planning, or traffic intern must be a college undergraduate enrolled in civil engineering at a college accredited to award a BSCE or be enrolled in pre-civil engineering at a college having a transfer agreement with an intent to obtain a BSCE. Interns must have completed their freshman year, normally thirty semester hours of pre-civil engineering course work.

A construction management intern must have completed a minimum of sixty semester hours in construction management or construction engineering at an accredited college.

A program management intern must have completed a minimum of sixty semester hours in civil engineering or engineering management at an accredited college.

A bridge design intern must have completed a minimum of ninety semester hours in civil engineering at an accredited civil engineering college.

HAVE YOU DECLARED CIVIL ENGINEERING AS YOUR
MAJOR?

Yes ☐ No ☐

University currently attending: _____

If you are enrolled in pre-civil engineering at a college having a transfer agreement with an accredited civil engineering university, please list the transfer date and the university you will transfer to in order to complete your degree:

Transfer Date: _____ University: _____

Please indicate the number of semester credit hours you are transferring that count toward graduation at the new university: _____

What is your area of interest now and after graduation? (check choice(s))
